

## CFG palier 1 module 3 Géométrie

### Exercices cours 3 : Figures planes

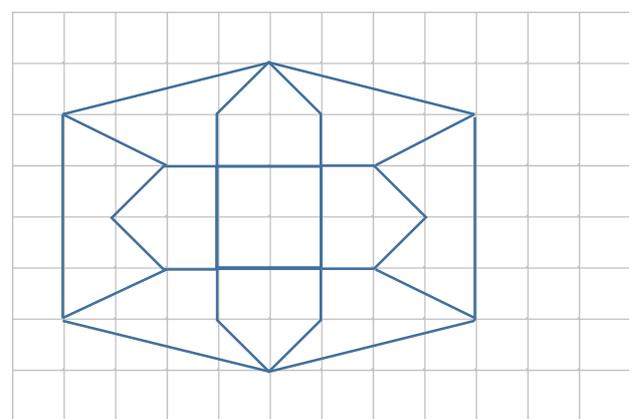

Exercice 1.

En utilisant le papier pointé ci-dessous, tracer les figures demandées.

Un triangle	Un quadrilatère régulier	Un polygone à 5 côtés
		

Exercice 2.

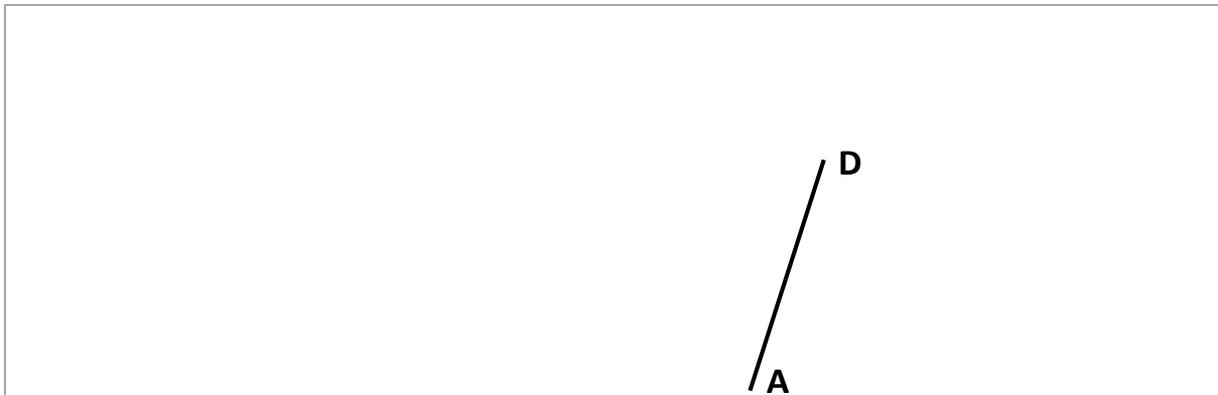

En utilisant le papier quadrillé ci-dessous, reproduire la figure.

	
---	--

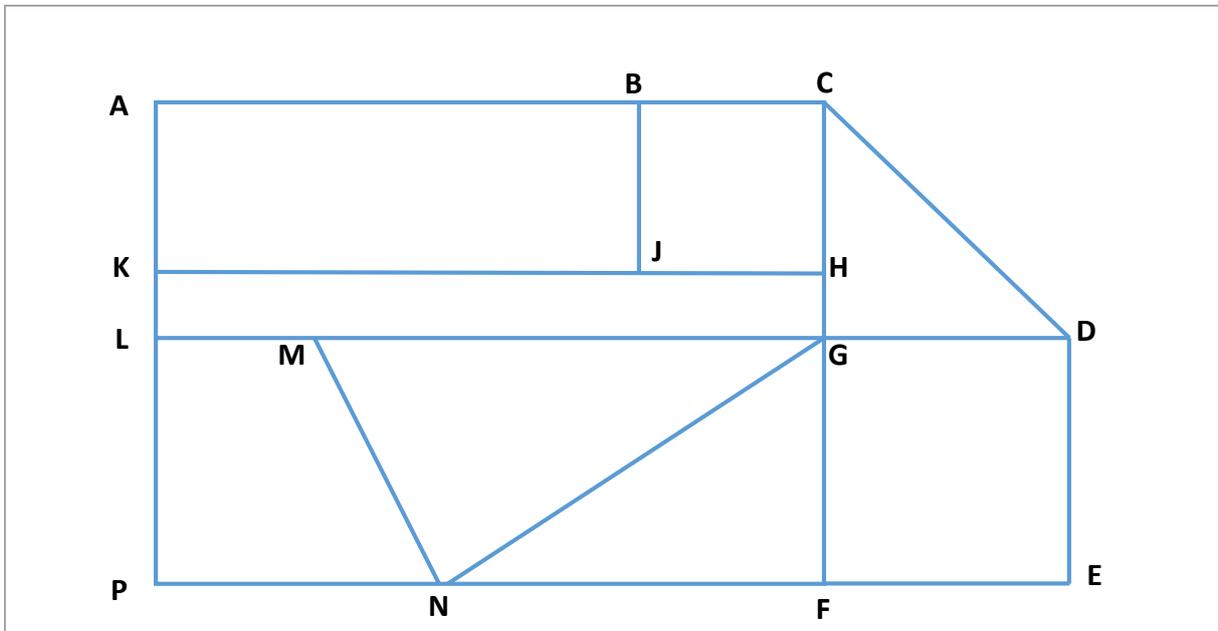

Combien de polygones sont nécessaires pour former cette figure ?.....

Exercice 3.

A partir du côté AD= 3 cm déjà tracé, construire un rectangle de longueur AB = 6 cm

Exercice 4.

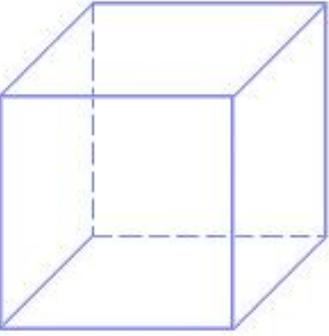

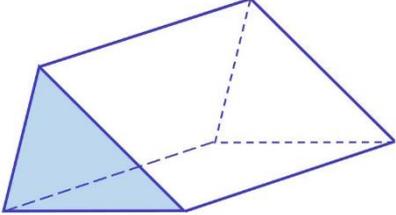

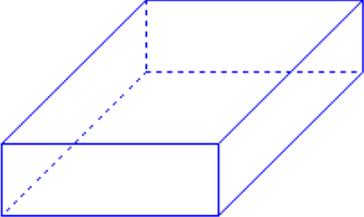

D'après la figure ci-dessus, nommer :

- 2 carrés : .....
- 2 rectangles : .....
- 2 triangles : .....
- 1 triangle rectangle : .....
- 1 quadrilatère qui soit ni un carré ni un rectangle : .....

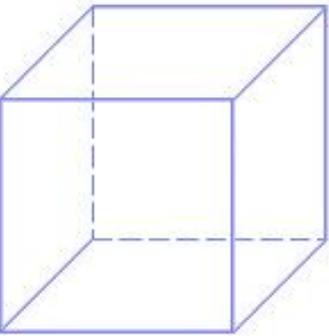

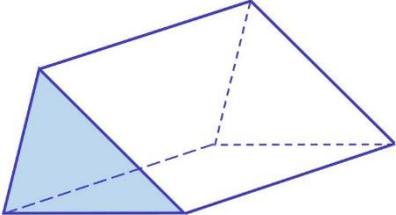

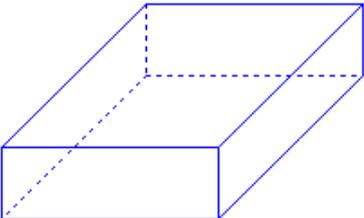

Exercice 5.

Compter les faces de chaque solide.

 <p>.....faces</p>	 <p>.....faces</p>	 <p>.....faces</p>
---	---	---

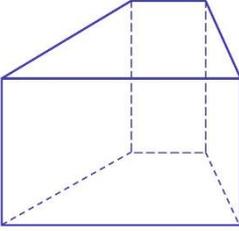

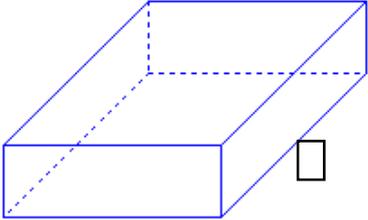

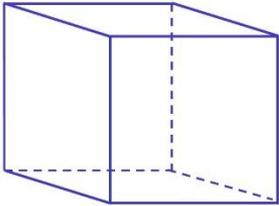

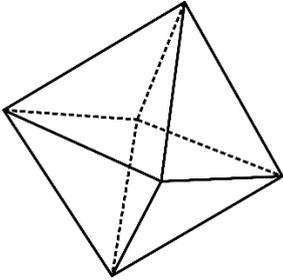

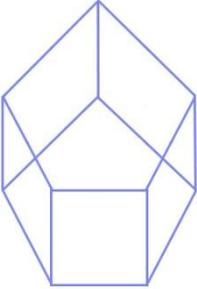

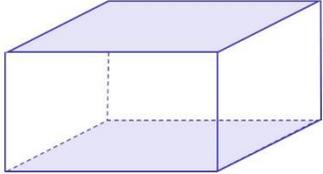

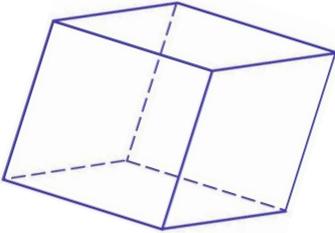

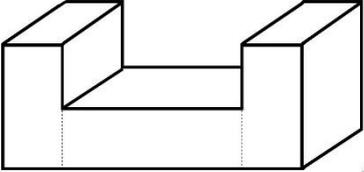

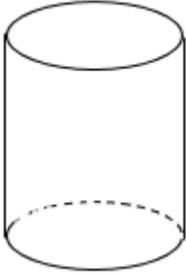

Exercice 6.

Compter les arêtes de chaque solide.

 <p>.....arêtes</p>	 <p>..... arêtes</p>	 <p>..... arêtes</p>
---	---	---

Exercice 7.

Cocher la bonne réponse.

 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre	 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre	 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre
 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre	 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre	 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre
 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre	 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre	 <input type="checkbox"/> cube <input type="checkbox"/> pavé <input type="checkbox"/> autre
